

The mission of the National Association for the Advancement of Colored People (NAACP) Toledo Branch #3204 is to ensure the political, educational, social, economic equality of rights of all persons and to eliminate race-based discrimination. While 2020 has been an extraordinary year, we have been blessed to have some extraordinary donors. Although we were unable to host our 105th Freedom Fund Banquet, the support for our branch continued. Our partners recognized that the work of the NAACP must continue, even in a pandemic. We, the Board and members of the NAACP, would like to take this opportunity to recognize and thank all our 2020 donors. We salute you and acknowledge the impact your support will have on our entire community.
